

Become a Citizens Advice volunteer

We give people the knowledge and confidence they need to find their way forward - whoever they are, and whatever their problem.

Our national organisation and network of local independent charities help millions of people every year with free, practical advice. This means we really understand the issues affecting people in our society and advocate for changes to policies and practices that will improve lives.

We are supported by volunteers who are at the heart of the communities they serve.

If you want to help us shape a society where people face far fewer problems, this is the role for you.

Valuing inclusion

Equity, Diversity and Inclusion (EDI) is really important to us and integral to all we do. We want to build diverse and inclusive teams, where everyone is welcome and everyone feels like they belong. To be the people's champion we must reflect the people we serve. We particularly welcome applications from people we would like to see better represented in our teams - people of colour, LGBTQ+ people and disabled people.
